I quit patronizing Dallas businesses when Judge Clay Jenkins issued the mask order for Dallas county. Let 'em play their little games -- I only have to work here.

This exchange between Caputo and Duke Nuke'm is priceless!

MR. SWALWELL. Over your career, how much money -- if you could approximate -- have you made from Russian-derived sources, meaning whether your work in Russia or your work over here from Russians, if you could approximate?

MR. CAPUTO: Including my time in Russia?

MR. SWALWELL. Yes. Are we talking about more than a million, less than a million?

MR. CAPUTO: No. God no. I am a really good communicator, but I am a lousy businessman. I earned about $70,000, $100,000 a year in Russia when I was there. I was constantly trying to expand my business. I was constantly hiring people. My payroll was larger than my own salary. A terrible way to run a business. And then, when I moved back to the United States -- I would like to be precise. From 2000 to 2001, while working with Ruder Finn Public Relations in Washington, I directed international public relations for Renaissance Capital, a global investment bank based in Moscow. You will recognize this bank as the one that paid former President Bill Clinton a half a million dollars to speak before a conference in Moscow many years later.

Trump falsely accused the Central Park 5 of rape and paid the New York Times to publicly call for their brutal executions. Then he falsely accused President Obama of being born in Kenya and started the birther movement. Now he's falsely accusing President Obama again? Outrageous.

Trump just can't leave black people alone. He has to falsely accuse and persecute them 24/7 just like how he denied fair and equal housing to African Americans and called black NFL players "sons of b*tches" for taking the knee to fight white supremacy. Trump is a loser clown man.

The big mystery is why was Seth's parents and brother went after anyone that tried to investigate what happened to him, it got to the point where no one dared mention "Seth Rich". I believe I read a Podesta leaked email indicating something bad should happen to the leaker

When the so-called "rich guys" speak negatively about the market, you must always remember that some are betting big against it, and make a lot of money if it goes down. Then they go positive, get big publicity, and make it going up. They get you both ways. Barely legal?

Let me get this straight: a Sex Cult hosted a "recruiting party" involving a former U.S. Congressman and SNUFF FILMS?!?

And then there were the "real" parties on a private island owned by @richardbranson.

The "real" parties.

2. Were Stormy Daniels, James Alefantis, Eric Schneiderman, and Anthony Weiner there at the Nxivm recruitment party mixer in Connecticut in 2007? Subject answered, "Yes"

3. Were you aware that snuff videos were broadcast at that Nxivm recruitment party mixer in Connecticut in 2007? Subject answered, "Yes"

4. Were you informed at that Nxivm recruitment party mixer in Connecticut in 2007-that the real Nxivm parties were held upon occasion at the private island of Richard Branson? Subject answered, "Yes"

I think you've gotten as far as your ever going to get in this murder investigation short of a confession and that's highly unlikely. If it was MS13 they're gone now. A real hit the shooter(s) end up dead. It's sad but murders happen all the time that go unsolved.

Also from what I'm putting together (not sure every part of the world, but you get it...) if people have had a flu shot recently, the multi faceted load of sh!t they inject on you has a variant of the coronavirus. Gee, what a coincidence.

It's obvious that when it came to the setup and entrapment of Flynn, Obama gave the order. Why else would so many other Deep State actors move into action? The crime boss told them to. This may not be treason in a formal sense, but it's a gross abuse of power #RealHistoryatHome

> **The Logical Conservative** @TheLogicalCons2

The problem is that Obama is the most protected criminal suspect in America. If he goes down, the Left's whole narrative about the past two decades collapses. The media narrative implodes. The Deep State will fall. These people will protect him at all costs #RealHistoryatHome

The other problem is the pusillanimity of the GOP. Many of our leaders are scared of Obama. Some say privately "If we go after him, there will be riots." Rubbish. I say pursue the evidence where it leads, and if it leads to handcuffs for Obama, so be it #RealHistoryatHome

Hopefully Dr. Mikovits and Dr. Tenpenny can shed the light on this and get the President to backtrack the deadly H.R. 6666 bill. I think that will kill more people than this virus will. IMO

Quick question for you Republicans in Congress.

When are you going to grow a spine or better yet a set of balls and stand up to the Democrats?

I mean honestly if you don't want to do it step the hell aside and let some folks that give a damn about this country do the job.

Thanks to the leadership of President @realDonaldTrump, the U.S. has become the King of Ventilators – everyone who needed a ventilator received one.

Now, the Trump Administration has committed over 15,000 ventilators to over 60 countries, with the first 1271 already shipped! 🇺🇸

You really think being "The King of Ventilators" is a good thing? Had he done his job to begin with, we wouldn't need additional ventilators to begin with oh and 90,309 US Souls have died because of his malfeasance. 54,227 died because he waited two weeks into March. #TrumpVirus

Just another "newspeak" Orwellian attempt to change the cultural structure of our language and its thrust. English is a forward speaking simplistic switcheroo of nouns are verbs and vice versa and is gender neutral, and that is its weakness. Guard against totalitarianism.

Grab your mask, put it on and grab a can of (black) spray paint. Go out in your garage and start spraying. Smell that? Now blow your nose into a tissue. See those (black) specks?

Your $1.00 paper mask is worthless.

no, it still blocks a portion. its just not 100%. Its like a basketball being shot at a rim, sometimes the rim blocks it even though a basketball can go through it.

So you agree with me. Thanks. "Portion" is not "100%". Enlighten me, how much is a "Portion"? 20%? 40%? 60%? It does NOTHING to protect anyone. Think of it this way. It's like putting up a chain link fence to keep mosquitoes out.

Virus particles are spread in moisture droplets, not as particles themselves.

You dont need to stop a submicron virus, you need to catch the micron (or larger) water vapor droplet it is inside of.

Where I am, if I saw this I would totally understand. With less traffic they're overwhelmed by their fixed costs, have built plexiglass barriers etc., having trouble keeping staff. They can't lose $ on each incremental customer. I'm sure they don't *want* to risk losing business

cause he's confiden
In Obama's drama,

Runnin through Hillary,

But Donny ain't buyin,

Grab your mask, put it on and grab a can of (black) spray paint. Go out in your garage and start spraying. Smell that? Now blow your nose into a tissue. See those (black) specks?

Your $1.00 paper mask is worthless.

You’re welcome.

Your mask is primarily designed to stop your breath vapor (and snot) from getting airborne and transmitted to other people.

For that purpose it is remarkably effective.

#ObamaGate is nothing more than another chapter of the obsession of a white supremacist president using his hand picked, sycophantic, racist, attorney general, in his sick vendetta against a Black man for having the audacity to be smarter than him and to be elected POTUS.

Someone is obviously worried about Joe Biden. Trump should be. Every swing state poll has him behind. His handling of COVID has truly waken up some voters to the ineptitude of this administration. Not only has he cost American lives but the GOP 1% tax cut destroyed our budget

11 2 36

Christopher Zullo @ChrisJZullo · 5m

Mitch McConnell tampered with Supreme Court, budget trick to ram through 1% tax cut, ignored 500+ bills House Democrats passed and protects Trump's inept COVID response. He's up for re-election. If everyone who read this chipped in $5 we'd flip Kentucky ➡️

Now that our Country is "Transitioning back to Greatness", I am considering rescheduling the G-7, on the same or similar date, in Washington, D.C., at the legendary Camp David. The other members are also beginning their COMEBACK. It would be a great sign to all - normalization!

The second Democrats accused Trump of Quid Pro Quo with Ukraine, it was a proclamation that they were engaged in the same thing. Hypocrites always give themselves away by their deflection.

Crazy Bernie Sanders is not a fighter. He gives up too easy! The Dem establishment gets Alfred E. Newman (Mayor Pete) & @amyklobuchar to quit & endorse Sleepy Joe BEFORE Super Tuesday, & gets Pocahontas to stay in the race, taking thousands of votes from Bernie. He would have.

The Tulsa, Oklahoma area has been approved for a transportation loan from the @USDOT of up to $120M to help expand highway on the Gilcrease Expressway West Project. This will mean less congestion and faster routes to popular spots! @GovStitt

The question is not whether there's evidence of a wide range of democratic wrongdoing, but whether the Republicans are going to do anything about it?

I want to know what moron at the CDC thinks kids over the age of two should wear a mask in school..

They obviously don't have kids, and are completely beyond comprehension of common sense..

Kids will touch their face 24/7 with a mask on, and it will scare the hell out of them.

I'm getting some reports from people in administrations in different states that the CDC wants children above the age of 2 to wear masks in school, desks 6 feet apart, etc

This is out of control, I'll home school or do private school before I ever subject my daughters to this!

I want to know what moron at the CDC thinks kids over the age of two should wear a mask in school..

They obviously don't have kids, and are completely beyond comprehension of common sense..

Kids will touch their face 24/7 with a mask on, and it will scare the hell out of them.

I'm getting some reports from people in administrations in different states that the CDC wants children above the age of 2 to wear masks in school, desks 6 feet apart, etc..

This is out of control, I'll home school or do private school before I ever subject my daughters to this!

💯% Coming from a former high school teacher for 10 years from 2000-2010 the schools ruin children. Straight up ruin them. I resigned because I could not be a part of it even though for many of those kids I was their only source of comfort in the system

Just a friendly reminder, with the summer time upon us.

If you have pets and the travel with you in your car.

Leave the car running with the AC on or don't take them with you at all. Because if I see a dog in hot car. You will be missing a window in the said car.

The Senate Homeland Committee has voted along party lines to subpoena Blue Star, a consulting firm for Ukrainian gas company Burisma Holdings.

Most of you will know this company. As its the company Hunter Biden worked for.

Public schools have been propaganda centers for the last 100 years. Parents should diligently and prayerfully consider not sending their children to public schools in our day.

💯% Coming from a former high school teacher for 10 years from 2000-2010 the schools ruin children. Straight up ruin them. I resigned because I could not be a part of it even though for many of those kids I was their only source of comfort in the system

The wasted city is broken down;
every house is shut up so that none can enter. There is an outcry in the streets for lack of wine; all joy has grown dark; the gladness of the earth is banished. Desolation is left in the city; the gates are battered into ruins

Cuomo stated on his Monday Ego show that it all started at a Hassidic funeral. He called it the epicenter. He blamed all of NY's woes on Hassidic Jews

There should be a box, in the corner of your TV screen, with Alinsky's "Rules For Radicals" listed, point by point. That way, we could see where every new "talking point" from the left is coming from. I think about this every time they talk about "Universal Health Care." Rule #1.

Mandating COVID patients to nursing homes, killing off seniors can only help reduce healthcare costs for when they push on Universal Health Care. The left calls it "trimming the fat". The left are evil and see COVID as the path to power.

There's only one conclusion when it comes to the DNC hack...

It was a leak... and the emails were downloaded to a thumb drive... It's theoretically impossible with the evidence at hand for this to have been a hack..

Lower the flags for more than just 3 days. Lower them for the duration of this pandemic. The way that Trump is wording this tweet feels like the coronavirus pandemic is already over and he is mourning our losses. But the majority of our losses are still ahead. It comes in waves.

This is almost like George W. Bush's Mission Accomplished speech during the Iraq War. The only difference is that Trump is doing this over the dead bodies of almost 100K fellow Americans. He is pretending to pay respects while actually declaring victory to help his re-election.

Notice how all of the media around the world is trying to attack Sweden, even though the Country of 10 million has less than 31,000 cases... and less than 4,000 deaths..

They never locked down... They also have nearly 5,000 recoveries

This is about control, not a virus!

Asbestos was supposedly removed long ago. Doubtful they could remove all of it though. More common was actually pneumonia from breathing it in. I was told by our Air Force pediatrician not to use it as far back as 1993

Notice how all of the media around the world is trying to attack Sweden, even though the Country of 10 million has less than 31,000 cases... and less than 4,000 deaths...

They looked like a bunch of FOOLS when they reported those polls where it showed Biden winning.

What they probably left out was who they polled, all Democrats, in that case Biden is in trouble!

The comments made at the end of the Breakfast Club interview were in jest, but let's be clear about what the VP was saying: he was making the distinction that he would put his record with the African American community up against Trump's any day. Period.

Matt, there is no law to wear masks. It was never voted on by any of the 50 states' congresses. It's simply an "order" by tyrannical governors.

Michigan seems to have more important problems than whether the president, who has tested negative, is wearing a mask.

Because nothing is going to help you win an election like a 76 year old White man telling black people "You ain't black if you don't vote for me."

This is the typical bullying tactic that the Democrat Party has used against minorities for decades. It's pathetic and sickening.

❗ Must read. The DNC knew the leaks were coming. So they constructed "Guccifer 2" to be a "Russian hacker" to lay the groundwork for Russian collusion narrative, try to discredit the leak, and deflect attention from a murdered staffer.

The Russian Collusion hoax (and others) are the Democrats' equivalents to Hitler's Reichstag Fire that he used to grab power by shutting down media (newspapers). It casted Germany into near total darkness as it regards information

Hitler set fire to his own Parliament and blamed the "communists". And asked the German citizens for the authority to shut down "communist" sympathizers in the media. Afterward he did that he went on to enslave Germany untouched

I'm a gay man who voted for Trump in 2016. Born in Texas, I come from a very conservative family. He has turned the party that I loved into one of bigotry and hatred. He is a disgrace. I will be voting blue for the first time this election. He has got to go.

Some people are not used to successful outcomes that happen when you get rid of people who underperform they are too used to the weak and scared who hire people and never upgrade them. I suppose it is better to hire people and never get rid of them regardless of performance 🙄
